SCHOOLS OF CITY
OPEN; ENROLLMENT
ABOVE 2,700 MARK

Accurate Figures on Attendance
Not Procurable This
Afternoon.

RECORD IN HIGH SCHOOL

Total on Hand Within 7s of Thousand
and More Are to Count. Crawford
Leads Leaders, with Total of 1,111;
South Side Second, Second Next.

Although no accurate figures could be obtained today for the high school and Canion school enrollment indications were that the total enrollment on the opening day of the school year would exceed the of the entire 1919-20 year. There were something over 2,700 placed on the books during the first term and figures estimated today without the 200 Hebrew children who did not report on account of the Jewish holiday a placed 2,689.

Outside of the high school the enrollment was in the Canion school on the West Side where 475 students reported. The attendance at every valid school and high school will be materially increased when the Hebrew students report tomorrow.

At the high school a record was established. Superintendent E. E. Smith said he estimated it was 2,925 reported today with a large number still in to be taken. The figure is big for the first term as it practically equals the total enrollment for the past year. The schools grow as the school year goes on.

The South Side schools reported enrollment of 1,700 the second with a total of 307 and the third with 286. The Cameron school enrollment was 503.

There are quite a number of new faces in the teaching corps recently in the high school. The students and teachers got down to work immediately today and by tomorrow morning the term will be in full swing.

After teacher of history in the high school will not be Miss A. M. as received late last week by Superintendent E. E. Smith said he had been selected to a principalship in Port Allegany. It unknown to him. He desired to be released from his contract here to take a position at Alderfer was one of the most popular teachers in the school. He is known for his keen interest and taught out a young man in two years. His place has been filled by James Cornelius. The new teacher is a graduate of Syracuse college and also a post graduate course in education at the University of Pennsylvania.

Mrs. Martha Detmon teacher of Spanish in the high school could not report this morning, on account of illness, was expected to be at her desk soon, however.

After the announcements had been completed the students and students were assigned to section. The remainder of the time was divided into short periods for lesson study. This afternoon was also given to assignment and lesson study.

ERIDE'S DEATH PROBED

Story of Husband of New York Trust
as Drowning Scoundrel
By Associated Press

CHICAGO Sept. 15—Local coast guard officials announced today that they would ask the Milwaukee federal district attorney to investigate the reported death of Mrs. Anna Mitchell Jones, formerly a New York actress whose husband John Archibald Jones was found clinging to an overturned boat in Lake Michigan near Winona, Wis., yesterday.

Jones and his bride were on the boat yesterday and he said she was washed overboard by a high wave. The coast guards settling his story of having righted the 18-foot dory three times before his wife vanished.

MANY WOMEN VOTE

Large Turnout With Record Total
Voted Indicated in Illinois
By Associated Press

BANGOR, Me. Sept. 15—Spirited voting characterized the election here today. Women seem to vie with the men in getting to the polls early. Up to noon the vote was a record-breaking one in spite of rainy weather and the polls presented many scenes with large numbers of women and their party on hand to assist and instruct women voters.

Special women clerks who were on duty at each voting place

To Hand 12 in Two Days

CHICAGO Sept. 15—All records for legal executions in Cook county will possibly in the life of Illinois will be broken here October 11, and county officials believe when the man is sentenced to be hung for his

Illinois appeal granted.

PARIS Sept. 15—The French foreign office announced today that the Allies have a demand before the conference of the 13th international government that they send representatives to the conference between 13th and 14th of October to consider the boundary line.

LAYTON FORSYTHE
DIES FROM FALL;
TRIPS OVER WIRE

West Side Insurance Man is Running
in Traffic Car When He Meets
With Fatal Mishap.

Cast iron or other unknown iron
damaged insurance agent died in his
home in South Eighth street Green
wood Saturday morning about 6
o'clock as a result of injuries received
Friday afternoon when he stepped over
a wire while running to catch a street
car at Duquesne.

Funeral services were held at his
home at 2 o'clock this afternoon with
Rev. J. E. Edwards, pastor of the
First Baptist, here, as presiding. His
funeral was at 2 o'clock at official
funeral home in the 11th

He was a member of the
West Side Insurance Co. and
had been with the company for
15 years.

The injury which caused his death
was not considered serious by Mr.
Forsythe. He was hunting to catch
the 1 o'clock car and stepping over
a piece of wire fell. He came to the
surface with Miss Young, of the brick
clerk, who was pitching, and
hit him in the face.

He was taken to the hospital

and died about 10 minutes later.

AVIATOR AT DAYTON RACE MEET

Terrace Overholst Will Give Flights
Each Day and Plans to Carry Pass-
enger; May Students Leave for
School and Colleges; Other News.

Special to The Courier.
SCOTTDALE, Sept. 13.—The Zion
Union Sunday school of East Hunting-
don township held its annual pic-
nic at the church grove on Saturday.
Many well-filled baskets were brought
and a very good dinner was served. A
good program was carried out in the
afternoon.

Interest in Football.

Never in the history of high school
has so much interest been shown by
students in football. Last year Scott-
dale had a very good team and much
interest was shown by the rooting
fans who attended every game. This year
since the beginning of school every
evening every player is present for a
tryout at Locoucks park. The first
game will be played on Saturday
when the Mount Pleasant team will
come to contend.

Overholst to Fly at Dawson.

Terrace Overholst will fly every
day at the Dawson fair beginning to-
morrow and lasting until Friday. Mr.
Overholst expects to carry passengers.

Miss Null Entertains.

Mr. Mae Null entertained the
Thursday Afternoon club of Buffs-
dale in her home on Saturday. Re-
freshments were served.

Committee to Meet.

The ladies' committee for the silver
tea that they will give in the Metho-
dists church on Wednesday afternoon
from 2 until 5 o'clock will meet at the
club to complete arrangements
this evening.

Students Off for School.

Among the persons who left for
school last week or will leave this
week are: Indiana Normal, Katherine
McBurney, Mildred Hurst, Pauline
Kirk and Miss Tinstman; W. & J.
Spicer Carroll, Earl Loucks, George
Yars, Kenneth and Donald Tedrow;
Armenia Tech, Frances Polk; Meadow-
dale, Mildred Stoler, Nelle Wooley
and Willard Tannehill; Bucknell, Har-
old and James Hutchinson and Clyde
Collins; Mary Wood school, Margaret
Dakin; Emma Willard school, Stella
Waddell; Oberlin college, Elizabeth
Doherty and Wendell Loucks; Hood
college, Elizabeth Hill; Penn Hall,
Catherine Cook; The college, Gall
Stough; Principia, Frank Morrison.

Personal.

Mr. and Mrs. David Ingalls have re-
turned to their home in Pittsburgh after
visiting friends here.

Mr. and Mrs. E. R. Simms and family
spent the week-end in Uniontown with
friends.

Mr. and Mrs. Workman and family
returned Sunday evening to their
Morgantown home after a visit paid
Mr. Workman's father, Edward Work-
man of Hawkeye.

Wanted—Housekeeper by widow
with two children. A good chance for
a good home in Scottdale. Write
Housekeeper, care Courier, Connells-
ville, Pa.—Adv-11-Sept-7.

Mr. and Mrs. William Overholst and
daughter, Elizabeth, and Miss Josephine
Colvin of Mount Pleasant were
the guests of Mr. and Mrs. R. F. Dus-
sie on Sunday.

George K. Barkell spent yesterday
in Uniontown.

Women Have to Smile.
In a great many cases and try to make
those around them happy, while they
are racked with the pain of organic
trouble. Few men realize how common
such beriosis is. The remedy for this
condition is Lydia E. Pinkham's Vegetable
Compound—a simple remedy
made from roots and herbs, which for
forty years has been overcoming the
most obstinate ills of women. Every
woman suffering from female ills is owed
it to herself and family to give it a
fair trial.—Adv.

R. R. ENGINEERS OUT WITH A STATEMENT

Men in the Cars Declare Tommie Conserves the Health of Railroad Men and Makes Them Fit.

No engine demands a greater train than the nerves in a more perfect state of health than that of a railroad engineer. The safety of thousands depends on guarding his health, which is as important to the public as the safety of his engine. Every engineer realizes this enormous responsibility. He does not take chances with so important a mate. That is why so many of them are using Tommie. Tommie conserves the health of the railroad men, and insures the safety of the traveler.

Railroad engineers everywhere insist on Tommie because they have tried it and know how well it does. J. N. Summers, 360 Michigan Ave., Kansas City, Mo., who was engineer on the Chicago Building on & Quincy for nine years says, "If I could have had this medicine years ago I would not have had to quit my job on the road. I cheerfully recommend Tommie to anyone looking for something to build them up. I would not be without it at all."

W. L. Nichols, Atlanta, Ga., engineer on Southern Railway says, "I and my wife—her father and husband—since taking Tommie haven't had a pain—just 1 pounds."

C. C. Bowers, 910 First Avenue, South Nashville, Tenn., engineer on Tennessee Central says, "Tommy trout the nervousness overcome both me and my wife. Tommie has a strong and active heart. I gained 15 pounds."

D. A. Middleton, 1717 Cherokee Street, Houston, Tex., engineer on Southern Pacific says, "I was in bad shape—had a new pain of 15 to 18 pounds."

Thomas Jennings, 600 Avenue North, Cedar Rapids, Iowa, engineer at the Hotel Island Cigar Shoppe says, "The last proof I had that Tommie was the right thing for me is the way it has relieved my aching back and brought me up. At the time I began taking Tommie I weighed only 120 pounds, but I now believe the scales at 175 pounds in full health."

T. G. Ayers, 17 Rainey Avenue, Nashville, Tenn., engineer, Indiana and Southern, says, "Kidney trouble, nervousness, poor appetite, Tommie put me in good shape, gained seven pounds."

J. T. Toy, Atlanta, Ga., engineer on Georgia & Western says, "Nervousness—oldness in his spine—pains in back are satisfied with what Tommie has done for me."

R. B. Owens, 2700 Avenue C, Birmingham, Ala., engineer, "I am Run down—indigestion, palpitation of heart—had to give up job since taking Tommie, but am feeling well again."

W. H. Williams, 1100 Avenue C, Birmingham, Ala., engineer, "I am nervous and easily fatigued, but Tommie has relieved me."

W. M. Telford, 107 Third Avenue, Nashville, Tenn., engineer, "I am nervous and easily fatigued, but Tommie has relieved me."

W. H. Brooks, 1100 Avenue C, Birmingham, Ala., engineer, "I am nervous and easily fatigued, but Tommie has relieved me."

W. G. Burrows, 15 McKinney Street, Houston, Tex., engineer, "I am nervous and easily fatigued, but Tommie has relieved me."

W. G. Burrows, 15 McKinney Street, Houston, Tex., engineer, "I am nervous and easily fatigued, but Tommie has relieved me."

WHITE SUGAR FROM CORN AT COST OF FOUR CENTS POUND

Perfection of Process of Manufacture Announced by New York Concern.

QUALITY OF THE FINEST

Supply Will Be Made Almost Unlimited and Future Danger of Shortage Is Removed; Bushel of Corn Will Produce 40 Pounds of Syrup.

NEW YORK, Sept. 13.—After more than three years intensive effort which included numberless experiments Frank K. Gardner, president of the General Food Products company of New York City today announced that Dr. Arthur W. Smith and S. P. Evans of Baltimore have invented and perfected a process by which white sugar of the best domestic and commercial kinds may be obtained from corn. The practically unlimited supply of corn in this country, coupled with the fact that the sugar may be manufactured for less than four cents a pound price as that from the near future there can never be a sugar shortage here and that the price of that necessity will soon be more than cut in half.

"We regard the successful completion of our work," Mr. Gardner said, "as probably the most important food discovery for many years. It means that there will be an adequate supply of sugar for all purposes and at a price that is low enough for any pocketbook. It means that the people of this country will have all the sugar they need for household consumption for all time and that is the most important feature of the great discovery."

To fully realize what this new and unlimited sugar supply means it is necessary to understand the present situation. Sugar as it is generally known is the product of sugar cane, beets, fruits and starch. Corn and beet sugar represent the great bulk of that now used. The production of these for the past year was about 16,000,000 tons, which is about 500,000 tons under the amount produced during 1915-16 and which accounts for the present shortage and high prices.

Today this country is fairly well supplied with sugar but the rest of the world is practically doing with out it and it will be years before the shortage is relieved if the old sources of supply are depend upon. For the year ending July 1, 1920 the sugar consumption per capita in this country was a little more than 90 pounds per year, giving a grand total of about 4,500,000 tons of which less than 1,000,000 were produced in the United States.

"Realizing the above conditions and seeing that they would result in an ever-increasing shortage more than three years ago I commenced working on the problem of obtaining a pure sweet sugar from corn having in mind that the tremendous corn crop would supply an unlimited amount of raw material. In the course of this organization of the General Food Products company and its acquisition of the Baltimore Pearl Hominy company of Baltimore, Md. we secured the services of Dr. Arthur W. Smith, a prominent research chemist of that city. Dr. Smith immediately undertook to solve the problem of producing edible white sugar from corn and in his work was assisted by S. P. Evans, president of the New Sugar Products company and vice-president of the General Food Products company. In all his work Dr. Smith worked along original lines and followed new ideas.

How after practically countless experiments and investigations he has produced the sugar we who labor has all the physical and chemical characteristics of honey and in that sense might be called corn honey.

The unlimited supply of this new sugar is understood when it is known that one bushel of corn will produce about 40 pounds of the syrup and that the annual corn crop is more than three billion bushels. Just a four percent of this crop would produce the sugar this country can use. Our experiments prove that this new sugar can be used in candy making, ice cream, soft candy, chewing gum, condensed milk, chewing gum, tobacco and in practically every other branch of confectionery. In the household the new sugar can be used everywhere. Cane sugar is now禁用. In other words, the new sugar meets all sugar requirements everywhere in the world. It can be manufactured and sold at half the price of cane sugar or other sugars in ordinary use and ought to put into the hands of every housewife in the country at eight cents a pound."

—Ohioyle.

OHIOVILLE, Sept. 11.—Mrs. Joseph Clark of Medl spent Thursday here the guest of Mr. and Mrs. T. M. McNeill.

Mrs. Johnson Wolfe and daughter Isabelle spent Friday the guest of friends at Connerville.

Mr. and Mrs. John Daniels, son Charles and Stark Hurley Dean and Elsie Tregster were callers in Union town Friday.

Mrs. Bruce Hill and sister Violet Hartnett were from Fredonia calling on Connellysburg friends.

Patricia, their white "adventue," Mrs. Jessie McLean and children of Agnes are the guests of Mrs. Anna Jones for a few days.

Miss Anna Constance is awaiting the arrival of Mrs. Bert Herberger at Connerville.

OHIOAN ESCAPES TORTURE BY TIMELY DISCOVERY

Lon Tucker, Stephenville, Gains Speedy Relief From Sufferings by Taking Reese Formula R-11, the Great Stomach, Liver and Kidney Tonic.

Timely discovery of Reese Formula R-11 enabled Lon Tucker, 330 North R-11, and from then on to the present street, Steubenville, Ohio, to escape pain. He had suffered relief from further suffering from stomach day. My whole life been batch or trouble, indigestion, pains about the and now worth living, while I go to bed and extreme nervousness night was supervening. My wife and family I can only afford to do a lot of suffering of the worst kind and one bottle of Reese Formula R-11 has done for me.

Mr. Taylor, who is a member of the Royal Order of Moose and Junior Order of American Mechanics, writes: It was impossible for me to eat regularly when I read a testimonial telling of Reese Formula R-11. I was very near fail in and no strength or energy to speak of. Late seemed a burden both night and day. I could get no useful sleep and would awaken from the most horrible of frightful dreams.

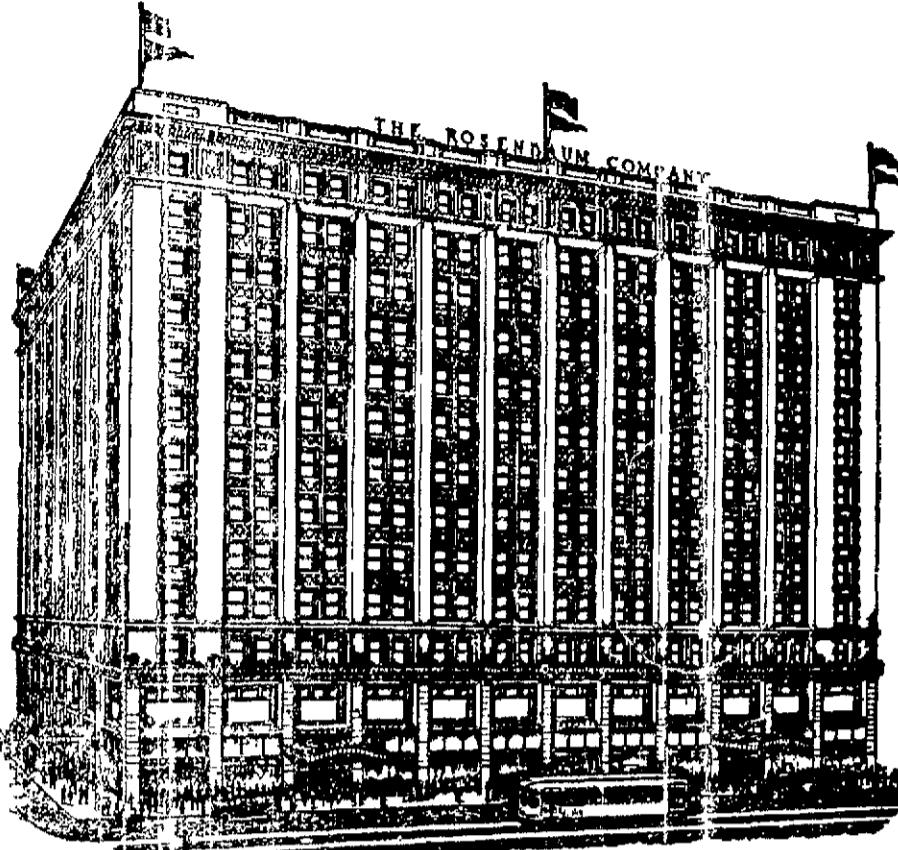

I could not sit through a show as sitting seemed to aggravate the pain around my heart and stomach. Absolute relief came to me after

the taking of Reese Formula R-11. I feel like a new man. I have not been so well in years. I am now in full strength and ready to work again.
